q. At the request of the Department of Defense, the pictures and textual material of industrial contributions to a proposed USAF anniversary publication were reviewed. The publication was disapproved because of the sensitivity of the operations depicted. This was the first submission of material for this purpose in compliance with the DDCI's memorandum to the Air Force pointing out the DCI's responsibilities in this field.

r. In coordination with DD/S&T/OSA and DIA, speeches for presentation by holders of special clearances before the 1964 national convention of the American Society for Photogrammetry in Washington, D. C. were reviewed in advance. Arrangements were made for observers to be present in order to monitor other presentations dealing with areas of special interest.

s. A progress report on Office of Security economy measures resulting in savings of money and/or manpower during the past ninety days was submitted to the Deputy Director for Support. As a result of five such measures, concrete savings of approximately \$208,000 will be realized in the next fiscal year. Four other measures which cannot be expressed in monetary terms at this time will probably result in additional savings.

t. A paper was prepared for the DCI's signature to Mr. McGeorge Bundy reporting on the status of six comprehensive and long-range studies on which the Office of Security has been working during the recent months and which the Office will continue to monitor in the future.

u. The industrial security survey initiated by Mr. [REDACTED] will be limited in scope in view of Mr. [REDACTED] transfer to [REDACTED] His report should be completed in two weeks.
